

July 2018

Dear Pages Place Homeowners,

This is a reminder of the parking rules for Pages Place HOA

Please note the following rules for the parking zone map.

1. Shared driveway: No overnight parking allowed in front of garages. Parking in shared driveways is for a temporary time period, ONLY!

2. Shared driveways; When you have a shared driveway parking in front of your garage is a liability and is blocking your neighbors from getting in & out of the shared driveway safely. This is also becoming a concern with snow removal.

(Pages Place HOA shared driveways;

1613,1617,1635,1639,1653,1657,1685,1681,1634,1638,1644,1648,)

(Pages Place HOA shared driveways but ok to park in front of garages because of the space between; 303,305,307,309,333,329,325,319)

3. Driveways that are not shared; Vehicles should be parked in garages or can be parked in front of the garage, as long as the vehicles do not poke out into the road.

Pages Place HOA non-shared driveways;

279,283,287,291,295,341,345,1668,1662,1656,1652,1630,1626,1621,1625,1643,1647,1661,1665, 1693, 1697)

4. Parking on the road; No parking is allowed in the RED Zones.

5. Please remember Winter Parking rules take effect Nov. 15 – March 15.

In an effort to help in clearing the snow from the roadways, we are asking for your help in not parking your vehicles on the street (Pages Place Drive) during snowstorms until the street are plowed. We do not want to issue parking citations or impound vehicles, but we will do so to assist in keeping the streets safe and clear of snow. Please help us by keeping your vehicles off the street when prohibited.

Homeowners are responsible/liable for guests and tenant parking.

Attached is the parking zoning map. It will also be posted on the Pages Place HOA website.

<http://pagesplacehoa.org/>

Please be neighborly and considerate when parking your vehicles. Blocking driveways can be resolute in you as the homeowner being fined or having your vehicle towed.

Thank you!
